Revised March 2019. Introduction. There are two basic types of peaches (*Prunus persica*): clingstone and freestone. With clingstone peaches, the flesh "clings" to the "stone" of the peach, making it difficult to separate, and thus more suitable for processing.

Peaches | Agricultural Marketing Resource Center

Viral marketing or viral advertising is a business strategy that uses existing social networks to promote a product. Its name refers to how consumers spread information about a product with other people in their social networks, much in the same way that a virus spreads from one person to another. It can be delivered by word of mouth or enhanced by the network effects of the Internet and ...
