Norfair of Super Metroid appears to have been heavily flooded with lava after Samus's first visit to the planet. Most of the area is lava-filled and highly dangerous, and can only be accessed with the acquisition of the Varia Suit. Most of the lava in this area can be accessed into with the Gravity Suit. However, a certain type of lava, which ...

Chapter 6: Memories of Norfair Samus recovers the Varia Suit. Now that the poison's cleared away and you've finally recovered the Varia Suit , it's time to delve deeper into the planet, to Tallon IV's equivalent of Zebes' Norfair - the Magmoor Caverns.

### **Chapter 6: Memories of Norfair - Walkthrough - Metroid ...**

Super Metroid is a critically renowned entry to the Metroid series. It is considered one of the best Metroids out there. While I may not agree, it's definitely an amazing game, and its gameplay set the standard for future Metroid titles. Being on the Super Nintendo, the game takes full advantage of the SNES controller.

MDI's Norfair stage is almost identical to the Golden Torizo's boss room from Super Metroid, the only difference being the presence of lava beneath the platform that combatants fight on. Like in the source game, the intense heat of Lower Norfair makes it so everything in the background is constantly moving, which can come across as slightly psychedelic, there is also a single blue door on the ...
